## 747 – Orbital Sanding with Afterburner

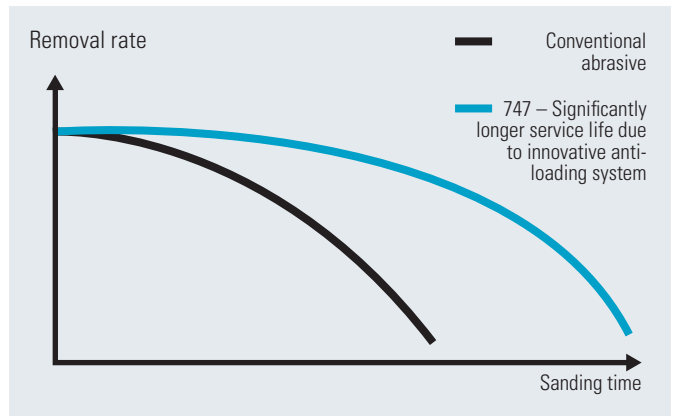

# BOOSTING YOUR ORBITAL SANDING OPERATION

## ARTICLE NO. 747 FS/NK

Backing	Film	
Grain type	Aluminum oxide	
Coat	Open	
Grits	P 80 – P 2500, 3000	
Applications	Orbital sanding	
Material	Paint, nonferrous metal, stainless steel, steel, wood, plastics	

## Extended service life due to innovative anti-loading system

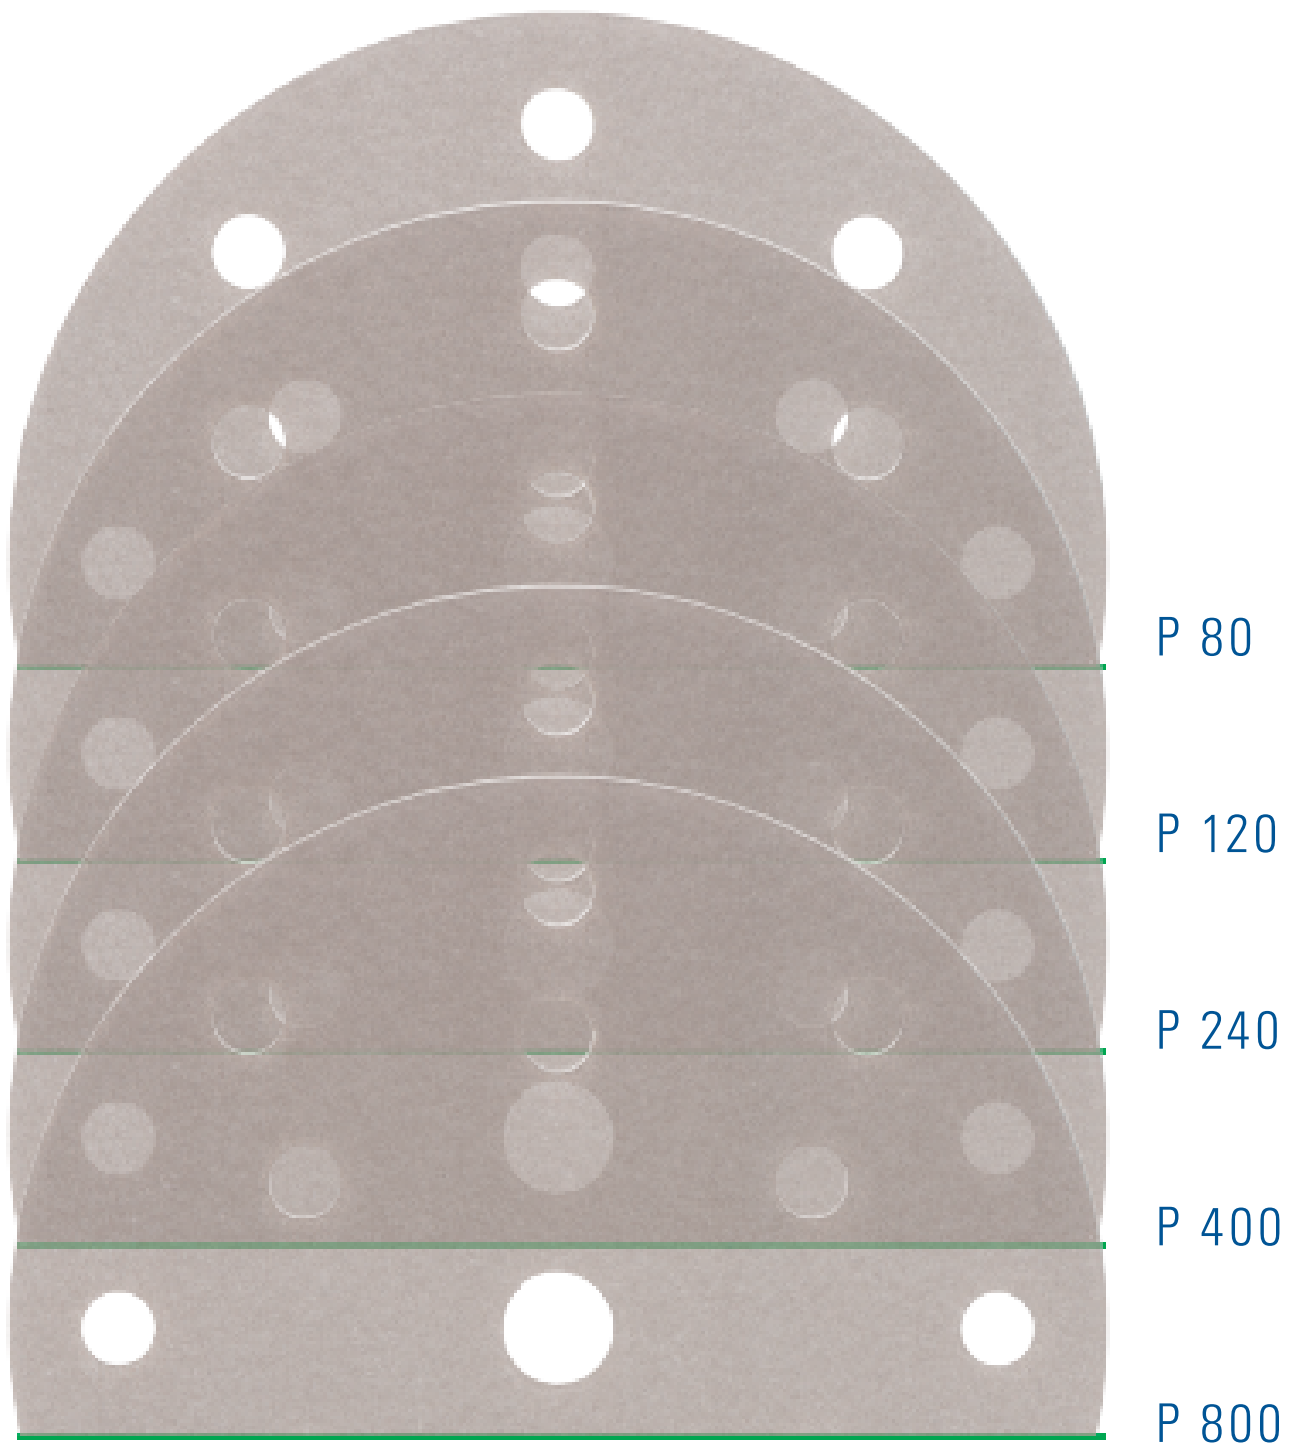

Without anti-loading system – Abrasive dust particles load up the disc. The removal rate deteriorates.

The anti-loading system (yellow) binds sanding dust, resulting in a significantly longer work life.

# 747 – POWERFUL TAKEOFF

## ACCURATE TOUCHDOWN

- Uniform fine finish prior to painting or lacquering
- High-quality abrasive grain for high stock removal rate
- Long service life thanks to innovative anti-loading system (from P 150)
- No edge shelling due to the strong film backing
